

# HAKKO

## AERATION KITS

**Matala Hakko** is a sub-surface lineal diaphragm air pump ideal for aerating large ponds and small dams.

## HIGHLIGHTS

- Aerate up to 4,000m<sup>2</sup> (1 acre)
- Power up to 6 air-stations
- Operates 0.5 to 2m deep
- Ideal for swimming dams—no power in the water
- Low power consuming compared to similar sized surface aerators

**WATCH IT IN ACTION**

## CREATE A HEALTHY, "NATURAL" LOOKING WATERBODY

Hakko is a sub-surface aerator which means you can aerate your dam/pond while maintaining a "natural" looking aesthetic (i.e. no fountain). The compressor sits on the shore and pumps air to stations placed on the floor of your dam. These air-stations release bubbles that rise up, dragging bottom-waters to the surface. Here, gas exchange occurs and oxygen enters the water.

## SPECS

**Matala** is a Taiwanese manufacturer operating for over 20 years. The company is renowned for striking an excellent balance between quality and price.

KIT	LPM <sup>†</sup>	AERATES <sup>*</sup>	VOLTS	RATED PSI	POWER <sup>**</sup>	NOISE LEVEL	MIN. DEPTH	MAX. DEPTH
1	60	500m2	230	2.13	61W	38dB	0.5m	1.5m
2	80	1,000m2	230	2.13	82W	38dB	0.5m	1.5m
3	120	2,000m2	230	2.85	130W	42dB	0.5m	2m
4	200	4,000m2	230	2.85	160W	54dB	0.5m	2m

Dam/pond size

<sup>†</sup> LPM = litres per minute at rated pressure

<sup>\*</sup> Based on ideal dam shape and water conditions, actual results may differ

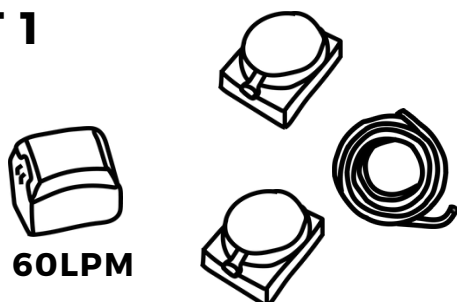

<sup>\*\*</sup> Power usage will depend on factors influencing operating pressure, such as depth, hose length etc

## KITS

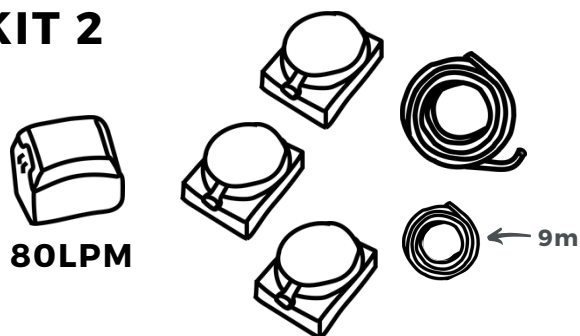

Below is an overview of our Hakko kits. See next pages for a detailed list of items in each kit.

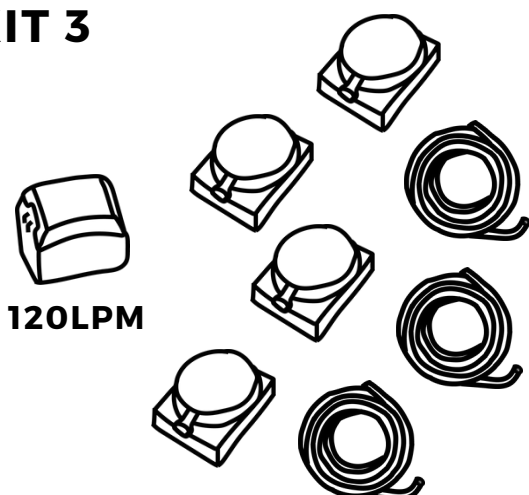

### KIT 1

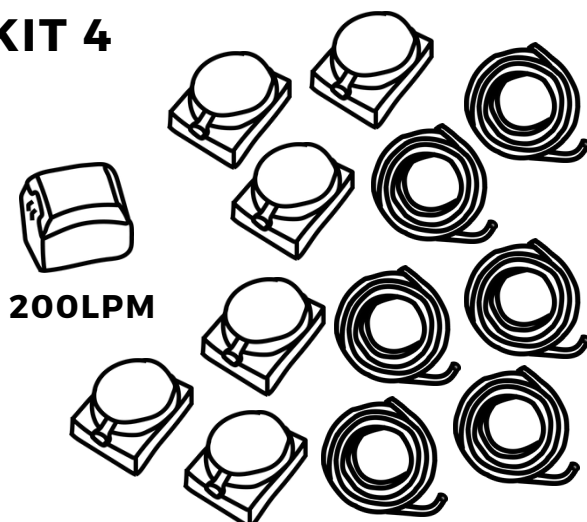

### KIT 2

### KIT 3

### KIT 4

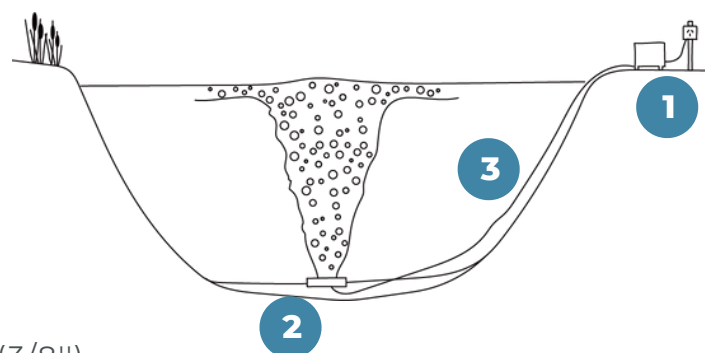

## KIT 1

60LPM

- 1** 60LPM Matala Hakko air pump, including 2-valve air manifold
- 2** 2 x single-disc Matala air-stations
- 3** 1 x 30m roll Matala weighted air hose (3/8")

Plus clamps and fittings

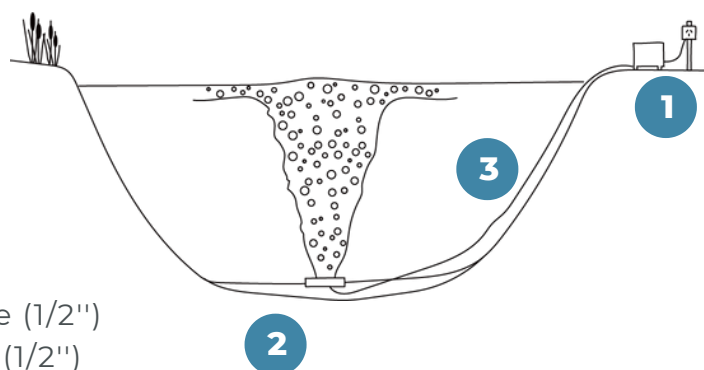

## KIT 2

### 80LPM

- 1** 80LPM Matala Hakko air pump, including 3-valve air manifold
- 2** 3 x single-disc Matala air-stations
- 3** 1 x 30m roll Matala weighted air hose (1/2")  
1 x 9m roll Matala weighted air hose (1/2")

Plus clamps and fittings

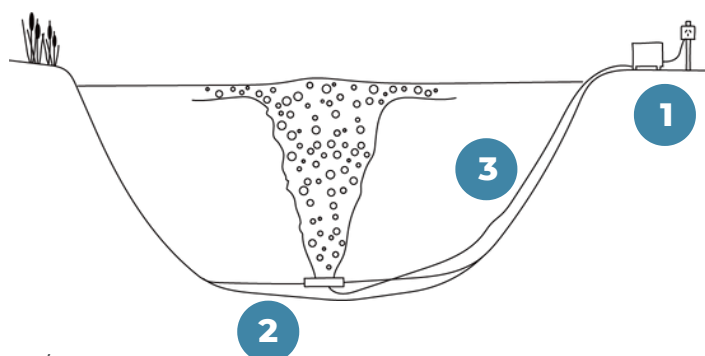

## KIT 3

### 120LPM

- 1** 120LPM Matala Hakko air pump, including 4-valve air manifold
- 2** 4 x single-disc Matala air-stations
- 3** 3 x 30m roll Matala weighted air hose (1/2")

Plus clamps and fittings

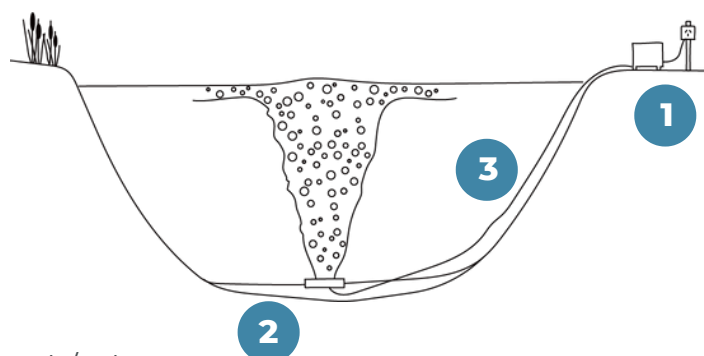

## KIT 4

### 200LPM

- 1** 200LPM Matala Hakko air pump, including 4-valve air manifold
- 2** 6 x single-disc Matala air-stations
- 3** 6 x 30m roll Matala weighted air hose (1/2")

Plus clamps and fittings
